Food on Wheels, an international concept, is gaining foothold in India as well, and more so in the city of our Surtis. With the same concept in mind, 3 entrepreneurs from our city has started an innovative and a hatke concept, mixing a desi cuisine with an international flavour.

Fusion House, a food on wheels stands by its name. It has mind-blowing fusion food which blends in the goodness of South Indian as well as international cuisine. If you visit them, don't be surprised to find, out of the box dishes such as Mexican Tawa Bell Rice, Idli Wraps, Medu Wada Wraps, Pizza/Pasta Dosa, Malibu Coconut Cream Dosa and more on the menu.

Fusion House stands out when it comes to Dosas and Idlis because they offer something new, plus they make fresh batter every day. What more, their truck is spic and span as well. Each and every minute things are taken care of. Their serving bowls are something you don't get to see often. If you are always eager to try out a new cuisine or innovative dishes then Fusion House must be on your cards, without a doubt !!

Fusion House has come up with a very unique taste and flavour for Surtis. Here you don't find Sambhar and a chutney, but salsa dips like coconut salsa, bell paper salsa and a burmese curry. It has come up with mixing up international cuisines with the Indian ones and adding up Tadka in the life of Surtis.

First time in Surat, Fusion House is bringing a whole new touch to the South Indian cuisine, one that has never been tasted before.

The main signature items of Fusion House are Mexican Tawa Bell Rice, Crunchy Munchy Idli Wraps, Jalapeno Olivia Medu Wada Wraps, Pizza/Pasta Dosa, Malibu Coconut Cream Dosa.

Definitely one should give it a try to this place. We would say this again that they have the taste which is commendable.

They even accept party orders.

Do like, comment and share this with your foodie buddies! And don't forget to give your experience and feedback.
